PREFACE TO THE TOBACCO BUSINESS DIRECTORY.

With the Directory, every man is a critic. Should he find his name omitted, improperly spelled or incorrectly located, or the like errors happening to any of his friends, the conclusion is at once adverse to the correctness of the whole. Infallibility does not belong to this country, and we ask from our patrons and critics to bear in mind the difficulties that have been surmounted. The publishers believe that they have accomplished all that has been promised by them. Typographical errors must be charged to the printers. This work is intended by the publishers to be the best Tobacco Business Directory ever produced in America. The labor expended in compiling it, and the careful supervision exercised while in press, justify the publishers in their confident hope that it will meet with a large sale and prove to be of value to the trade. The names, addresses and factory numbers were compiled from lists furnished by the Internal Revenue Department at Washington, and in the case of New York and other large cities the lists were carefully compared with the books of the Collectors of Districts.

The Publishers tender their thanks to Israel Kimball, Esq., for lists furnished, and to the District Collectors of Internal Revenue who have kindly aided in correcting the sheets for the press; also to our correspondents for names and addresses in other branches of the trade. The different branches of the tobacco trade are presented under their separate heads in alphabetical order. A new feature of considerable importance to the trade is the line in small type under each heading, giving the county and population of each city and town. The Publishers feel assured that the trade will appreciate the value of this addition to the work.

The heading of each page shows at once the business and exact locality, while the index will be found useful—the book is itself an index.

It has been thought wise, notwithstanding all the improvements, to place the price of the book at the lowest possible figure, in the hope of attaining a wider sale than has been accorded the inferior publications that have of late years occupied this field.

THE PUBLISHERS.

UNITED STATES INTERNAL REVENUE TAX,

The tax on all kinds of Manufactured Tobacco is 16 cents per lb, Snuff, 16 cents per lb; Cigars, \$6 per thousand; Cigarettes not weighing over 3 lb per thousand, \$1.75 per thousand; Cigarettes and Cheroots weighing over 3 lb per thousand, \$6 per thousand. The duty on foreign cigars is \$2.50 per lb, and 25 per cent. ad valorem. Cigarettes same duty as cigars. Imported cigars, cigarettes and cheroots also bear the prescribed Internal Revenue taxes, to be paid by stamps at the Custom House. The import duty on leaf tobacco is 35 cents per lb; leaf tobacco stemmed, 50 cents per lb; manufactured tobacco, 50 cents per lb; scraps, 50 cents per lb, and must be packed in conformity with Internal Revenue law and regulation. Scraps and cuttings, however, may be withdrawn in bulk for use in a tobacco, snuff or cigar manufactory without payment of the internal revenue tax.

On Sumatra tobacco the import duty is 35c gold per lb, and 10 per cent. ad valorem.

Pipes and pipe bowls, 75 per cent. ad valorem. and \$1.50 per gross; common clay pipes, 35 per cent. ad valorem; parts of pipes, 75 per cent. ad valorem; all smokers' articles, 75 per cent. ad valorem; snuff boxes and chewing tobacco pouches, 35 per cent. ad valorem.

FOREIGN DUTIES ON TOBACCO

In Austria, France, Italy and Spain the tobacco commerce is monopolized by Government, under direction of a Regie. In Germany the duty on leaf tobacco and stems is 85 marks per 100 kilogrammes, equal to 10.40 cents per lb; on strips and scraps, 180 marks per 100 kilogrammes, equal to 22.05 cents per lb; on manufactured tobacco and cigars, 270 marks per 100 kilogrammes, equal to 33.08 cents per lb. In Belgium the impost is reckoned after deducting 15 per cent. for tare. The duty is 20 francs (\$3.86 gold) per 100 kilogrammes (100 American pounds, equal to 45½ kilos.) In Holland the duty is 28 cents, gold, per 100 kilos—(280 American pounds being equal to 127 kilos). In Russia the duty on leaf tobacco is 4 roubles 10 kopeks per pud; on smoking tobacco 26 roubles 40 kopeks per pud; and on cigars 2 roubles 20 kopeks per pud. The "pud" is equal to about 36 American pounds. In Turkey the duty is 50 cents, gold, per 11½ American ounces. In England the duties are on unmanufactured: stemmed or stripped and unstemmed, containing 10 pounds or more of moisture in every 100 pounds weight thereof, 3s 6d per lb; containing less than 10 pounds of moisture, 3s per lb. On manufactured tobacco: Cavendish and negrohead, 4s 10d per lb; all other sorts, including cigarettes, 4s 4d. In addition to the above duties there is a charge of 1½ per cent. warehouse charges on all descriptions.

Uruguay—Manufactured tobacco, cigars and cigarettes, 35 per cent. ad valorem.

In Chili the import duties on Havana leaf amount to \$1.50, and all other kinds are taxed at the rate of \$1 per kilogramme, while a tax of \$5 per kilogramme has to be paid on cigars.

Venezuela—Tobacco cut expressly for cigarettes, 15c per kilogramme; leaf tobacco, \$1 per kilo; manufactured tobacco (cigars, cigarettes, etc.), \$2 per kilo.

CANADIAN TOBACCO DUTIES AND EXCISE.

The following are the rates of duty now imposed in Canada on the various manufacturers of tobacco:—Cigars and cigarettes, 60 cents per lb and 20 per cent. ad valorem. Manufactured tobacco: 25 cents per lb and 12½ per cent. ad valorem. Snuff: 25 cents per lb and 12½ per cent. ad valorem. In lieu of all Excise duties—except license fees—now imposed on tobacco known as "common Canadian twist," otherwise called "tobac blanc en torquette," being the unpressed leaf rolled and twisted, and made wholly from raw tobacco, the growth of Canada, and upon raw leaf, the growth of Canada, there shall be imposed, levied and collected on every pound or less quantity than a pound, an Excise duty of four cents.

TO TOBACCO MANUFACTURERS.

Gentlemen:

Having the largest and most completely equipped factory for the manufacture of Tobacco Shapes, and our senior having been engaged in this branch of business many years longer than any other maker in the country, we can safely promise that those who favor us with their orders will get the best work that can be made. The prices we quote include for each sett of Shapes a Top Block, Bottom Board and full sett of Russia Sheets.

We deliver free on board of cars, and make no charge for packing or boxing.

We refer to a few of the many well-known houses who have our machinery in use:

T. C. Williams & Co., J. B. Davis, Geo. Ainslie & Sons, Cullingsworth & Ellison, J. T. Gray, C. L. Todd, Simpson, Bass & Co., Powers, Blair & Co., Richmond, Va.; W. F. Clarke, Danville, Va.; R. J. IMPROVED PATENT TOBACCO GRANULATING MACHINE

SOMETHING NEW

AND PERFECT!

In constructing this Machine, I kept the three following points principally in view, which have always been neglected in old-style machines, viz. :—

I.—To rid scraps and tobacco of nails, and other articles generally to be found in such tobacco, before cutting it. II.—To granulate uniformly. III.—To prevent any portion of the cut tobacco being crumbled and sifted out like dust, which causes a considerable loss to manufacturers.

Among others, I refer to the following manufacturers who have this machine in use, viz. :—
G. W. GAIL & AX, Baltimore, Md.; AUG. BADE & CO., Cincinnati, O.; F. W. FELGNER & SON, Baltimore, Md.; P. J. SORG & CO., Middletown, O.; HILLS & FRITZ, St. Louis, Mo.; MARBURG BROS., Baltimore, Md,

“LA VUELTA ABAJO,”
HAVANA TOBACCO EXTRACT

Has stood the test now for over SIX YEARS and is
pronounced by the leading Cigar Manufacturers all
over the Country, as the only RELIABLE and LASTING

—Havana Cigar Flavor.—

ECONOMY AND STRENGTH.

One pint of “LA VUELTA ABAJO” will make four gallons strong flavor simply by adding four gallons of water. This quantity is enough to flavor about 40,000 Cigars. It can be used in the tobacco or boxes. Full directions on each bottle.

REMEMBER that one gallon of “La Vuelta Abajo” Havana Tobacco Extract dissolved in 32 gallons of water, will make THIRTY-THREE GALLS. of strong flavor.

PRICE LIST.

$\frac{1}{4}$ PINT.	1 PINT.	1 GALL. (8 pints).	5 GALL. lots.	10 GALL. lots.
\$2.00	\$6.00	\$40.00	\$35 per gall.	\$30 per gall.

TERMS: NET, C. O. D.

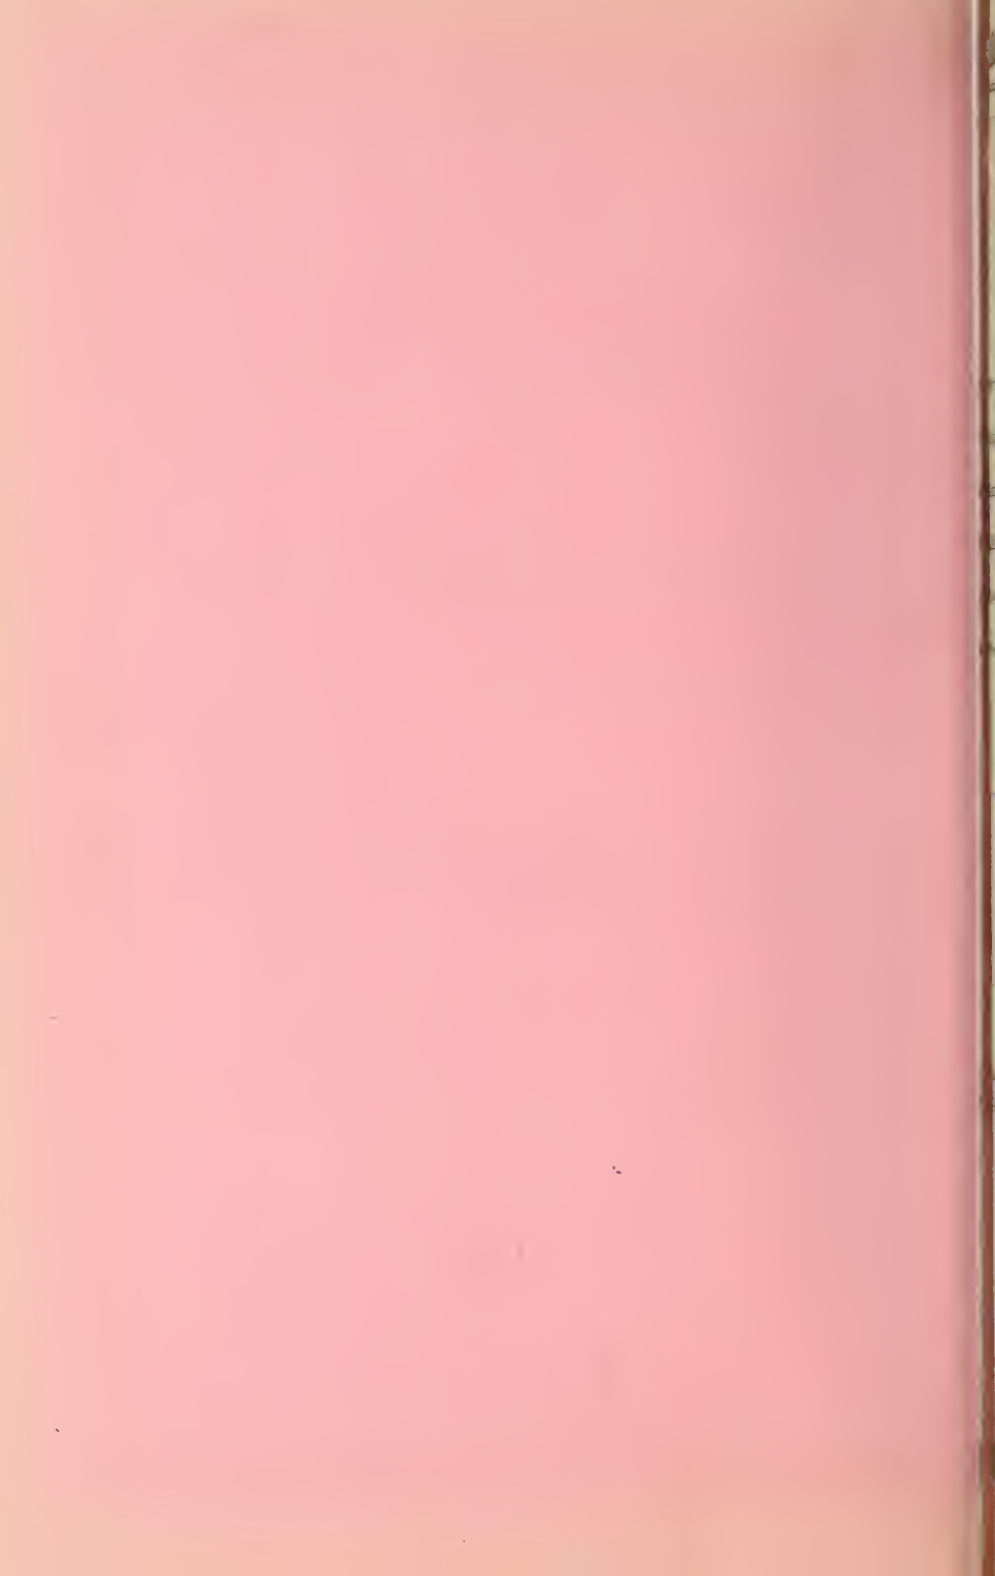

CAUTION.—Since my “VUELTA ABAJO” Havana Tobacco Extract has met with such great success, several parties have tried to palm off upon the public compounds bearing similar names. In order to protect the Cigar Manufacturers and myself, I wish to state that every bottle of genuine “VUELTA ABAJO” Havana Tobacco Extract bears my label and capsule with my name and address.
